THE NEW TIME TABLE
On the Ohio River Railroad Will Go in Effect To-morrow.

As exclusively announced in the Intelligencer a day or two ago, a new passenger schedule will go into effect on the Ohio River railroad to-morrow morning. This paper outlined the schedule, the principal change of which is that the No. 1 train that has been leaving for Kenova at 6:35 a. m., will hereafter leave about an hour later, a move that will be well received by the traveling public. The schedules have not yet been sent out to officials, but will arrive to-day. Superintendent of Telegraph Brown, of the Pan-Handle, does not connect very well with that in use on the Pottsville.

The Modern Mother
Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

CITY REAL ESTATE.

The Council Committee Wrestles With Questions

CONCERNING LEASES-OF-GROUND

The Question of a Custodian for the New City Hospital to Go to the Health Committee—Two Small Pieces of Land on the Creek Bank and a Piece of Made Ground Considered—A Rather Amusing Meeting.

Last night the council committee on real estate met, and had a long session, though nobody could quite tell why. A lease for the new city hospital, adjoining the Peninsular cemetery, to George Wait was submitted, having been referred to this committee by council. The proposal was to let Wait live in the house free of rent if he would keep it in repair and attend to it, and if smallpox should break out again he and his wife to receive by a day for caring for the patients. The committee after some talk decided that this was a matter for the health board and sent it back to council.

A piece of property just south of the Market street bridge was leased at \$50 a year to Henry Robrecht, who is leasee of the Baltimore & Ohio property which it joins. Neabitt's Sons applied for a small piece of ground at the Main street bridge, adjoining Bauer's, offering \$50 a year, but action was deferred on this.

August Nordeman has built a shop on a piece of ground made by the city by dumping earth on the river bank between Thirty-seventh and Thirty-eighth streets. The committee directed the clerk to notify Nordeman that he must vacate this or pay rent.

Then a bill came up for \$7.50 for a chair used by Assistant City Clerk Watkins and \$1.50 for a cushion used by Clerk Dannenberg. For nearly an hour the committee indulged in unconscious humor about luxuries and "the principle of the thing," and then turned the bill down by a tie vote.

THE PAN HANDLE STATION.

The New Building Will be Occupied the First of the Coming Week.

The work of completing the new passenger station of the Pan-Handle road at the foot of Eleventh street progresses slowly, but Superintendent Turner has decided to move in and open the station for business next Monday morning. The retaining wall railings are not yet up, and new office furniture and other improvements are not completed. Superintendent of Telegraph Brown, of Pittsburgh, was here yesterday to get the work of putting the telegraph wires started. Unless there is another change of plans the depot will be occupied Monday.

Upright Piano for Sale.

In order to furnish concerts and entertainments with pianos we have to set aside one especially for that purpose. In selecting an instrument we make it a rule to take the best in stock, so that it will be a credit to us as well as the manufacturer—otherwise it would be a poor advertisement. We are offering for sale, a Kranich & Bach which has been used for that purpose. It is a large size Upright, in a beautiful case and as good as new in the strictest sense of the word. We will sell it for nearly one-half its value.

THE HUB CLOTHIERS AND FURNISHERS.

THE HUB . Field.

Seems that we have done even better in Overcoats than we thought. The more we see and hear of other stores and stocks the plainer it is. Don't buy blindly. Don't be afraid to come in just to look. Our salesmen are paid salaries—their time is yours—to show or sell—just as you say and the best of it is we have a variety to show, too. Not exaggerating a bit when we say we have as many Overcoats as any three stores have, because we show all the styles. If we took your measure and made them to order we could not give you any better garments. There are no finer fabrics, there are no better trimmings, there could be no more care and pains given to the making. You can see how perfectly they fit—that is the beauty of a readymade coat. You can try them on and see how you like them before you buy them. Another beauty about ours is that nobody could tell whether they are readymade or not—nine out of ten would say not. \$5.00 is our lowest price—good Coats—good as any anywhere for \$7.00—\$25 for our best, and there are none better—none as good, except from the finest tailors, and they double the price. Here full satisfaction or no sale—a word of fault and back goes your money—quick. Don't you like the fairness? Our Coats are as honest as our methods.
